## Career Objective

Junior Application Developer skilled in React, Next.js, and Express.js with hands-on experience in Supabase, Stripe, and API integrations. I am passionate about building scalable full-stack solutions and exploring AI-driven development tools.

## Education

|                                                                    |            |
|--------------------------------------------------------------------|------------|
| <b>JNTU, KAKINADA</b>                                              | (May 2024) |
| B. Tech (CSE)   7.70 CGPA                                          |            |
| Sri Krishna Chaitanya Junior College, Narasaraopet, Andhra Pradesh | (Mar 2020) |
| Intermediate   9.59 CGPA                                           |            |
| ZP High School, Telukutla, Andhra Pradesh                          | (Apr 2018) |
| SSC   9.3 CGPA                                                     |            |

## Technical Skills

- **Frontend:** React.js, Next.js, HTML5, CSS3, JavaScript, Bootstrap, TypeScript, Tailwind CSS
- **Backend:** Node.js, Express.js
- **Database:** MySQL, Supabase
- **Cloud & APIs:** Google APIs, REST APIs, Stripe Integration, SSO (via Supabase)
- **AI & Productivity Tools:** GitHub Copilot, Cursor (AI Code Editor), AI Prompt Engineering
- **Version Control & Tools:** Git, GitHub, Vs Code

## Work Experience

### Maganti IT Solutions

#### Junior Application Developer (sep, 2024-present)

- Implemented Stripe payment integration for subscription and checkout workflows.
- Integrated Supabase for Authentication login and SSO's secure user management.
- Worked with Google APIs to enable AI-powered features in applications.
- Utilized GitHub Copilot and Cursor AI Code Editor as AI pair programmers to improve productivity and code quality.
- Gained hands-on exposure to prompt engineering for enhancing AI-assisted development.

## Projects

**Project Title:** "StandOut.infuture.ai – AI-Powered Career Preparation Platform"

**Technologies Used:** Next.js, React, TypeScript, Tailwind CSS, Supabase, Stripe

- Developed the UI and UX for a fullstack internal web application aimed at helping students prepare

for interviews and track job applications.

- Integrated frontend with backend APIs, ensuring seamless data flow and a responsive UI.
- Collaborated closely with cross-functional teams, including backend developers and designers, to align functionality and design goals.
- Worked with an AI-powered backend developed in Python to deliver intelligent insights and recommendations for users.
- Used modern web technologies (Next.js, React, Tailwind CSS, TypeScript) to build a clean, scalable, and interactive interface.

**Project Title:** “Fullstack Web Application with Admin Form Handling”

**Technologies Used:** React, Node.js, Express, TypeScript, GSAP, Email Integration

- Developed a full stack web application with a sleek, modern UI/UX.
- Implemented email notification system to alert admins on form submissions.
- Built with TypeScript for better code quality, scalability, and maintainability.
- Integrated GSAP animations to enhance user experience with smooth interactions.

**Project Title:** “Award-Winning Website”

**Technologies Used:** HTML5, CSS3.

- Designed a modern and interactive user interface (UI) for an award-winning website.
- Achieved 100% accessibility score by following WCAG best practices.
- Improved page speed by 30%, enhancing user engagement.

## Certifications

- **GitHub Copilot Fundamentals** – Badge (Microsoft Learn)
- **Web Development Certificate** | Internshala
- **Front-End Development Certificate** | SmartInternz
- **FullStackMERN** | Smart Bridge
- **SQL and Relational Databases 101** | IBM (Via CognitiveClass.ai)

## Achievements

- Earned GitHub Copilot Fundamentals badge from Microsoft Learn (2025)
- Won 3<sup>rd</sup> prize in SVC College Hack Overflow 2k22 (2022)
- Earned the Build Your First HTML Webpage badge from Microsoft Learning (2024)
- Earned the Python for Data Science badge from IBM (2023)

## Declaration

I solemnly declare that all the above information is correct to the best of my knowledge and belief.

Place: Vijayawada
